

GP-ENGINE – Training Workshop

Pre-Workshop Actions for Account Setup

Thank you for signing up for the GP-ENGINE Training Workshop. To ensure that you can participate in the hands-on activities of the workshop, please complete the steps below by one day prior to the workshop.

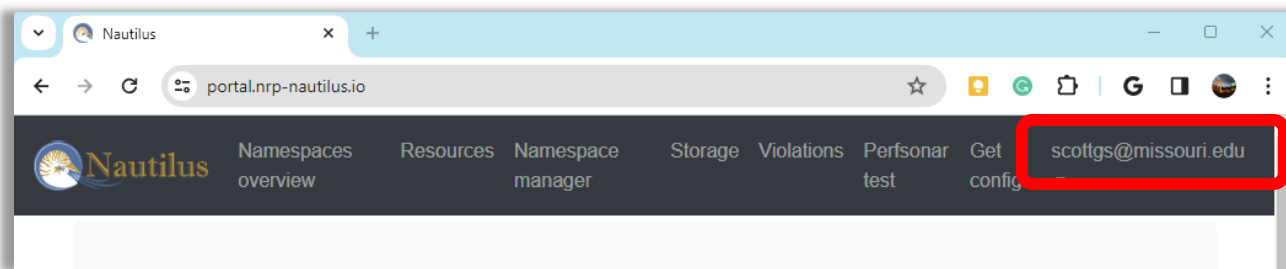

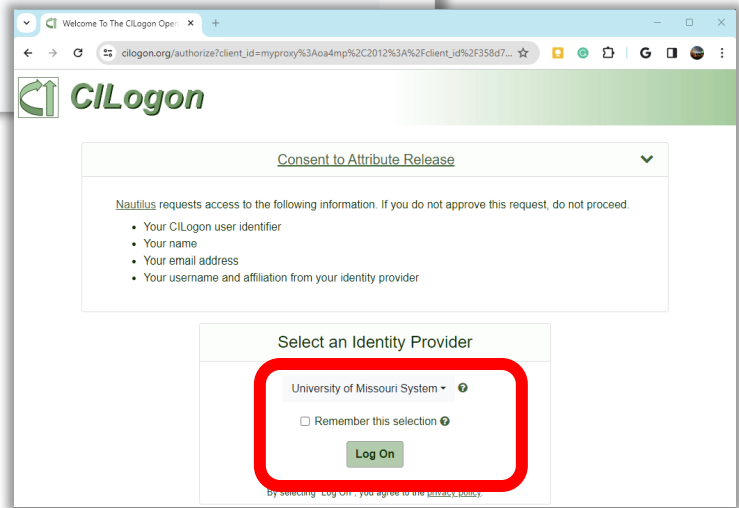

A. Access the National Research Platform Portal

<https://portal.nrp-nautilus.io/>

Choose an appropriate Identity Provider
(e.g., University of Missouri System in this example).

Copy the “User ID” (full email address) for the next Step.

B. Send us the User ID using the form linked below so that we can get your account set up for the tutorial activities
